AIN NAZIHA TUKIMAN

ANALYST PROGRAMMER

https://github.com/ainnaziha | +6012-8657750 | ainnaziha.tkmn@gmail.com

PROFILE SUMMARY

Innovative task-driven professional with experience in web development. Proficient in testing and writing codes, troubleshooting simple or complex issues and implementing new features.

EDUCATION

Bachelor Degree of Computer Science (Information Security) with Honour

Universiti Tun Hussein Onn Malaysia   Sep 2017 – Jan 2021

ACADEMIC
- Gained extensive training and successfully accomplished all courses for computer science.

PROFESSIONAL CERTIFICATES
- CISCO CCNA 1 Certificate
- Autopsy Basics And Hands On
- KPMG Cyber

PROGRAMS DEVELOPED
- Fingerprint Based Attendance System Using Arduino Uno and VB.Net.
- Students/Lectures Management System.
- Web Based Car Rental system.

WORK EXPERIENCE

Analyst Programmer
WPH Digital Pte Ltd   Jan 2021 – Present

- Develop and set up web applications using Sitecore SXA, C#, and VB.Net languages
- Create new modules/features and microsites for existing .NET web applications
- Perform Sitecore upgrades and data migrations for existing .NET web applications
- Design, code, test, and perform code reviews for technical solutions
- Identify and fix bugs, security issues, and performance problems on .NET web applications
- Attend courses related to AWS and Sitecore CMS
- Debug database issues using MS SQL
- Stay current with emerging trends and technologies in the field of web development
- Implement and adhere to coding standards and best practices to ensure high-quality deliverables.

Freelance   Jan 2020 – Jan 2023
- Developed Student Merit Web-Based System using C# language.
- Developed Web-Based Health Consult System using Laravel Framework.
- Developed Disaster Management System using PHP.
- Developed design and low level functions using Bootstrap and .Net 4.8 framework for distribution management system (DMS).
- Develop Learning Management System using Laravel Framework with Mantine UI and TypeScript.
- Develop Machine Learning Mobile Application with Flutter.

Software Engineer Trainee

Safa Integrated Sdn Bhd   Aug 2020 – Jan 2021
- Develop a software that integrate with RFID sensor using C# language.
- Participate in the development of blockchain based supply chain management using Solidity language, Laravel Framework, and React Native.

CERTIFICATION

Sitecore® Experience Solution 9 Developer Certification
- Passed the certification exam on hypothetical question as a developer working with Sitecore.

AWS Technical Professional

AWS Partner: AWS Cloud Practitioner Essentials (Classroom)

SKILLS

Software and Technologies
Sitecore, AWS, Visual Studio, Notepad++, Laravel, Mantine UI, Bootstrap, Smart Contract

Programming Languages
ASP.NET, C#, VB.NET, PHP, HTML5, C, C++, JavaScript, Typescript, Solidity

Database
MSSQL, SQL, MYSQL, Firebase Database

Hardware Integration
Arduino Uno, RFID, Fingerprint Sensor

Information Security
Blockchain, Encryption, Security Policies, Security Standards, Cryptanalysis, Steganography, Digital Watermarking, Digital Forensic

Soft Skills
Communication, Teamwork, Adaptable, Problem Solving, Leadership
